

Year 6 Wye Class – Home Learning W/C 18th May 2020

Dear Parents / Guardians (and children!),

Every week I am taken aback by the great efforts you continue to make with your home-learning. Thank you again for your dedication and sharing your work with me and the rest of your class on our Twitter page. Last week would have been our SATs week. I was initially extremely upset that you were not able to sit these and show off all your knowledge and learning, not just over this year, but from your whole time here at Waterside Primary Academy. The time away though has given me the luxury to be able to reflect. Over this time, I have really been able to realise that success comes in many forms and the most important is the way we are and act as people. These unprecedented times have really been a bigger test than you would ever have sat here at school. I am glad to announce that you have all passed with flying colors showing dedication, resilience, perseverance, kindness and just as importantly, a sense of humor! All these skills will be the key ingredients for a successful end of this academic year and making a winning jump into secondary school.

You will have all now hopefully received a delivery from myself and Mr Atherton! We hope you enjoy your leavers t-shirt and wear it with pride! When and if we return to school you will be able to wear this t-shirt as part of your daily school uniform (very special indeed!).

This week you also started the Watford FC Community Trust mindfulness sessions. It has been great to receive such positive feedback from this. We all know how important mental health is for everyone, so it is great to see you really diving into this and learning some priceless skills.

Keep smiling and working hard! I cannot wait to see the work you produce!

Mr Waters

Class Twitter Page – Please follow our Class Page **@Wye_WPA** and our main school page **@WatersidePA** . The engagement on this is increasing extra week and is great to keep the interaction between all of us!

Morning Exercise – We highly recommend getting up and getting active in the mornings before starting your work. Getting involved in online classes e.g. the morning Joe Wicks LIVE workout on YouTube or doing your own home exercises. You could also mix this in with a morning yoga session or doing your own creative version of the morning mile! Again, we would love to see how you are keeping fit so please do share with us on our Class Twitter page.

Watford FC Community Trust – Positive Minds Course – This will continue with the next sessions leading on from last week. Information for these will be added onto the Home-Learning page on the schools website.

Oak National Academy Website –This week I have assigned a carry on sequence of Maths lessons from last week (Coordinates and Shapes) and a sequence of English lessons (Diary Writing) The lessons can be accessed via this link <https://www.thenational.academy/online-classroom/year-6#schedule> These lessons will fall under the ‘Week 5’ schedule of lessons.

MyMaths - This week I have assigned Maths tasks around Coordinates and Shapes to reinforce work being done in the Maths sessions on the Oak National Academy website.

Legacy Task – When and if we return to school, we will be partaking in a project called ‘Legacy’. We have looked at this word many times this year where we look at how an event or person can do something that has a lasting impression to a place or people. As you are now close to leaving Waterside Primary, we will be looking at how you can leave a ‘legacy’ here at Waterside Primary Academy. See the task for more information.

Monday 18th May 2020

Maths ([Oak National Academy Website](#)) – Recognise 3-D shapes and nets

Maths ([Times Table Rockstar Website](#)) – 3 Garage Sessions (Free Play after this)

Comprehension ([Oak National Academy Website](#)) – Diary Writing- Reading Comprehension 1
