

Year 3/4 Chess Home Learning for the Week Beginning 18th May 2020

Dear Parents/Guardians, please see below the home-learning tasks for the w/c 18th May 2020.

Lovely to see some of you sharing your work on Twitter.

This 'Amazing Alien' (He shoots lightning out of his tail, changes colour like a chameleon and breathes fire!) was created for our **Talk4Writing** unit last week.

Who else has got an Alien to share with us?

Class Twitter Page – Is a great way to stay in touch, share work and feel connected. Thank you to those of you who have been interacting with our class page. It has been great to see the work you have been doing at home. Keep posting pictures and leaving comments.

If you are not already following our class Twitter page, I urge you to do this straight away. Twitter is free to register on to and you don't have to be active yourself other than following and engaging with our class page which is **@Chess_WPA** and our main school page **@WatersidePA**

Maths - Please follow the **BBC Bitesize** Maths lessons. The **MyMaths** will have complimentary follow-up tasks (These will be available until Sunday 31st May 2020.)

Year 3: Fractions

Year 4: Comparing Fractions

Keep going with your **Times Tables Rock Star** challenges - we've been In a battle with Misbourne this week.

English - If you haven't already done so, do finish your **Talk 4 Writing** tasks. I hope you enjoyed them.

This week you have a choice between BBC Bitesize or Oak National Academy (see links below.) Do pick the lessons that interest you most.

Year 3: <https://www.thenational.academy/online-classroom/year-3#schedule> Character description

Year 4: <https://www.thenational.academy/online-classroom/year-4#schedule> Non-chronological reports

BBC Bitesize - These are fun, accessible lessons and can be found each day from 9:30am using the red button or can be found on BBC iPlayer <https://www.bbc.co.uk/bitesize/dailylessons> . Click on to your year group then find that day's lessons. If you find any of this too hard, don't be afraid to go to a younger year group. It is much more sensible to plug holes and consolidate previous learning, as you will feel more confident moving forwards, than struggling with something you don't properly understand.

Reading – If you are stuck for ideas for new reading books, I have attached links to suggested year group lists below.

<https://schoolreadinglist.co.uk/reading-lists-for-ks2-school-pupils/reading-list-for-year-3-pupils-ks2-age-7-8/>

<https://schoolreadinglist.co.uk/reading-lists-for-ks2-school-pupils/suggested-reading-list-for-year-4-pupils-ks2-age-8-9/>

Creative Task – Create your own board game. Things to think about: It needs to have an obvious theme. It needs to have clear instructions and not be too complicated. Some interesting challenges and forfeits. A fair and clear scoring system. Does it need extra cards or playing pieces? Who are you going to play it with – a younger child, someone your own age, with adults?

I have included some board templates to help you get started with ideas but I am sure you can create more interesting ones of your own.

Suggested schedule for this week:

Monday 18th May 2020
