

Home Learning – Misbourne Class

Week Commencing Monday 1st June 2020

Maths

Year 4 - Please look at the Maths tasks, set by Mrs Heritage, on the Chess class home-learning page.

Year 5 - Please visit the Oak National Academy website which has a weekly schedule of lessons for Maths, English and foundation subjects throughout the week. The concepts for this week's Maths lessons are building on prior learning and then extending knowledge. The schedule for this week is:

Monday - Representing decimals in a variety of ways.

Tuesday - Multiply and divide by 10, 100 and 1000 involving decimals.

Wednesday - Addition and subtraction using decimal numbers.

Thursday - Using a range of strategies to add decimal numbers.

Friday - Using a range of strategies to subtract decimal numbers.

I would also like to see each child logging in and playing on Rock Star Times Tables. We are in a rock star battle with Chess class this week - we were the best-scoring class last week so keep it up!

English

I would like each child to visit the BBC Bitesize website and complete the daily English lessons that have been set each day. There are activities set based on an engaging text but if you feel that your child may be getting confused by the text or activities then please feel free to let them have a go at another year group's English tasks where you feel they are more engaged and able to understand better!

I would also like each child to choose a book that they have read or are currently reading and write a book review on it. Make sure to include what you like about the book, who your favourite characters are and what you would rate the book out of 10!

Foundation subjects

On both the Oak National Academy website and BBC Bitesize, they are setting a variety of lessons each day based on the foundation subjects. Please look at the websites and allow your child to choose one of either activity that they feel interests them more!

Creative tasks

1) Research riddles online and test yourself and your family to see if they can solve the riddles. If you're feeling creative, you could even have a go at making your own riddle and testing your family and friends to see if they can guess it!

2) Choose a subject or topic of your choice and create a quiz on it. For each question, give multiple choice answers so that people can guess if they are unsure. We will then use these when we return to school to help warm our brains up, ready for learning again!

Please continue to tweet @Misbourne_WPA with any work or activities that you are getting up to. I have contacted Twitter about the ongoing situation with the twitter account and are still unable to

Home Learning – Misbourne Class

Week Commencing Monday 1st June 2020

tweet, like or retweet on the class twitter page at the moment but I am still able to see all of the tweets so please keep them coming!

Reading

I have attached a link to a recommended reading list for both Year 4's and Year 5's below, should you wish to find a new book to read:

Year 4 - <https://schoolreadinglist.co.uk/reading-lists-for-ks2-school-pupils/suggested-reading-list-for-year-4-pupils-ks2-age-8-9/>

Year 5 - <https://schoolreadinglist.co.uk/reading-lists-for-ks2-school-pupils/suggested-reading-list-for-year-5-pupils-ks2-age-9-10/>

We hope you have all had a lovely half-term break and are (hopefully) looking forward to seeing you all very soon!

Mr S and Mrs Trigg
