

### Year 6 Wye Class – Home Learning W/C 20<sup>th</sup> April 2020

Firstly, I hope you and your family have had a safe and enjoyable Easter break. It has been delightful to be updated on how some of you have been spending your time via our Twitter class page. It has been a joy to see how you are being so creative and upbeat at home. I will as always be keeping you updated and interacting with you via our Twitter class page **@Wye\_WPA**, it would be great to see even more people engaging with this!

**Class Twitter Page** – Thank you to so many of you who have been interacting with our class page! It has been amazing to see the work you have been doing at home and being able to share this with everyone else. If you are not already following our class Twitter page, I urge you to do this straight away. This is a great tool (especially with our distant learning) to continue the engagement, share work and feel connected. Twitter is free to register on to and you don't have to be active yourself other than following and engaging with our class page. Please follow our Class Page **@Wye\_WPA** and our main school page **@WatersidePA**

**Morning Exercise** – We highly recommend getting up and getting active in the mornings before starting your work. Getting involved in online classes e.g. the morning Joe Wicks LIVE workout on YouTube or doing your own home exercises. You could also mix this in with a morning yoga session or doing your own creative version of the morning mile! Again, we would love to see how you are keeping fit so please do share with us on our Class Twitter page.

**BBC Bitesize** – Starting on Monday 20<sup>th</sup> April the BBC are introducing daily lessons on their website which would be great to go and check out. This can be found here <https://www.bbc.co.uk/bitesize> There are daily Maths, English and other subject sessions to join in on!
