

Year 6 Wye Class – Home Learning W/C 15th June 2020

Dear Parents / Guardians & Year 6,

I hope you have had an enjoyable and safe week as always. Thank you for all your amazing efforts with your home-learning, it is great to see your on-going dedication to your studies. This week we saw the return of our first Year 6's back to Waterside. I hope you have seen some of our updates from the class Twitter page on how our classroom bubble was set up and what we got up to. I was so proud of our Year 6's who returned this week who all showed an amazingly mature attitude to the changes that we have had to make. I know that any other Year 6's who we look forward to welcoming back over the next few weeks will also be fantastic role-models and have a grow mind-set to our new daily set-up. Things are different but the Year 6's who were in very much loved having their own desk with computer – some would say luxury!

I must stress that I am also equally proud of all the children who continue to work hard with their home-learning. The school and I completely support family's decisions on when and if their child returns to school.

Every Friday we are going to be holding a fun family event which will be hosted on our new Waterside Primary Academy Facebook page via a LIVE video. You may have already enjoyed our 'Big Waterside Quiz' or most recently our 'WINGO' evening. We will be building up to a 'Duck Race' for charity that will take place on the River Chess. Over the new few weeks, we will be getting Year 6 children to help with the research and organisation of this event as part of their 'Legacy' topic that we will be starting.

Thank you again for all your incredible support as always.

Mr Waters

Class Twitter Page – Please follow our Class Page **@Wye_WPA** and our main school page **@WatersidePA**. The engagement on this is increasing extra week and is great to keep the interaction between all of us!

Morning Exercise – We highly recommend getting up and getting active in the mornings before starting your work. Getting involved in online classes e.g. the morning Joe Wicks LIVE workout on YouTube or doing your own home exercises. You could also mix this in with a morning yoga session or doing your own creative version of the morning mile! Again, we would love to see how you are keeping fit so please do share with us on our Class Twitter page.

Watford FC Community Trust – Positive Minds Course – This will continue with the next sessions leading on from last week. Information for these will be added onto the Home-Learning page on the school's website.

Oak National Academy Website – This week I have assigned a sequence of Maths lessons (Decimals & Measures) and a sequence of English lessons (Story Writing) The lessons can be accessed via this link <https://www.thenational.academy/online-classroom/year-6#schedule> These lessons will fall under the 'Week 7' schedule of lessons.

MyMaths - This week I have assigned a couple of practice mixed questions if you would like to complete these.
