

**Year 3/4 Chess Home Learning for the Week Beginning 15th June 2020**

Dear Parents/Guardians, please see below the home-learning tasks for the w/c 15<sup>th</sup> June 2020.

I hope many of you joined in and had fun with the Friday Waterside Wingo live on our Facebook site. I see some of you have already filled in the Royal timeline and discovered how long it is! Imagine that in years and see how small our bit of it is. Has anyone discovered what happened between 1649 and 1660 yet? I'm also still waiting to see who has launched the highest rocket. It still feels odd not seeing you all every day and I hope you are all keeping well and coping with this strange way of working. Have fun.

**Class Twitter Page** – Is a great way to stay in touch, share work and feel connected. Thank you to those of you who have been interacting with our class page. It has been great to see the work you have been doing at home. Keep posting pictures and leaving comments.

If you are not already following our class Twitter page, I urge you to do this straight away. Twitter is free to register on to and you don't have to be active yourself other than following and engaging with our class page which is **@Chess\_WPA** and our main school page **@WatersidePA**

**Maths** - Please follow the **Oak Academy** Maths lessons <https://www.thenational.academy/online-classroom/subjects/#subjects> and the **MyMaths** tasks (These will be available until Sunday 21st June 2020.)

Year 3: (week 7) Measures- reading scales

Year 4: (week 7) Shape and Symmetry

Keep going with your **Times Tables Rock Star** challenges.

**English** - Complete anything outstanding from your **Talk 4 Writing** booklets.

Please follow the poetry sessions on BBC Bitesize

**Oak National Academy** - <https://www.thenational.academy/online-classroom/subjects/#subjects> click on year group then day of the week. We will be using this for maths this week, but please browse this site and follow any lessons/subjects that appeal to you. I will be setting a separate history task to take us up to the end of term. If you find any of this too hard, don't be afraid to go to a younger year group. It is much more sensible to plug holes and consolidate previous learning, as you will feel more confident moving forwards, than struggling with something you don't properly understand.

**Project** – From now and until the end of term I would like you to research the Kings and Queens of England/ the UK from 1066 to the present day. I have attached a link on the school website to a timeline I made for you to cut out and stick together. All the information you need is on last week's home learning sheet.

*Over and above task (optional)*

Can you learn and sing the complete chorus of the Horrible Histories Kings & Queens' song?

<https://www.youtube.com/watch?v=40qOAcz5bUM> (Do post your efforts to our Twitter account)

**Creative Task** – Can you make your own lava lamp?

<http://www.sciencefun.org/kidszone/experiments/lava-lamp/> you may also want to have a go at some of the other experiments too. Do film and post your results on the class Twitter page.

Suggested schedule for this week:

**Monday 15th June 2020**

Maths – Oak Academy – Y3: Multiply and divide by 10 & 100  
Y4: Compare and classify 2D shapes
